### TESTIMONIAL

*“Having partners like True North is an excellent asset to our mission. Not only do they help as a donor, but they are also involved in events, outreach, and awareness. I consider True North a 360 partner, helpful in every aspect to MVP.”*

## WHAT WE ARE LOOKING FOR

Are you as passionate and excited about supporting the veteran community as we are? If you're dedicated to giving your time and expertise to causes that touch on multiple facets of the veteran transition experience, then you are someone we want as a True North Founding Patron. We see our Founding Patrons as part of the True North family and we know we can count on you to share our mission and vision with the world. As a Founding Patron, you will be recognized as an initial donor for the organization as well as several exclusive perks.

With an initial contribution of \$1000, you will be recognized as a Founding Patron of the True North Foundation as a main contributor and supporter of our mission. By becoming a Founding Patron you commit to 3 years of active awareness building and helping the foundation find the funding that we need to move forward. You will also receive invitations to special events and volunteer opportunities within the veteran community throughout the year. Each year you will have the opportunity to renew your \$1000 donation to continue to get invitations to our yearly events.
